

## Healthy Christmas Snack Ideas

School holiday celebrations provide a unique opportunity to make healthy eating fun and exciting for children. As an APPLE School, we want to serve food that tastes good, is nutritious, and provides students with positive education experiences.

When sending food to school for your child's holiday party, please consider sending some fun AND nutritious foods! To get you started, here are some examples:

- Air-popped popcorn or pretzels
- Baked chips or multigrain tortillas with salsa
- Mix sparkling water with 100% cranberry juice
- Whole grain bagels, cut into quarters, spread with hummus, and topped with fresh vegetables
- Cheese and crackers with an apple slice. Aim for while wheat crackers
- Angel food cake with fresh fruit as a topping
- Fruit salad or fruit tray (use red, green, and white fruits to be festive) with vanilla yogurt as the topping
- Festive muffins made with whole grain flour. Keep the portion small
- Anything on a stick veggie or fruit kabobs are always fun.
- Christmas smoothies: blend raspberries and kiwi with vanilla yogurt and ice
- Bakes whole wheat pita triangles with hummus for dipping
- Choose cookies with whole grains and dried fruit (e.g., oatmeal and raisin)

**Tip:** You can reduce the fat in your Christmas baking by replacing about half the butter or margarine with unsweetened apple sauce or vegetable oils. Add dried fruit or replace white flour with whole wheat.

Red, white, and green add holiday flair, so try making a festive veggie or fruit tray, or salad, using these colourful suggestions:
