## **APPLE Schools Board of Directors Recruiting Treasurer**

APPLE Schools, an innovative, Edmonton-based non-profit organization, is dedicated to transforming the lives of over 30,000 students annually in over 100 schools across Canada. Focused on underserved school communities, we champion a comprehensive school health approach, emphasizing healthy eating, physical activity, and mental well-being.

We are proud to have been recognized as one of the top 100 transformative education innovations in the world by HundrED, a Helsinki-based organization with global reach, based on our ability to create scalable impact. Rooted in research and evidence-based practices, APPLE Schools has a rich history and ongoing collaborative relationship with research teams from the University of Alberta and the University of Toronto. The evaluation and collected data inform APPLE Schools' programming and initiatives.

APPLE Schools is governed by a Board of Directors responsible for strategic planning and setting the overall direction for the organization; along with financial and risk oversight. The board is seeking an individual with demonstrated strengths in finance, accounting and risk management to serve as Treasurer.

This important leadership role will be central to our goal of implementing best practices in non-profit governance and operations to the standards set by Imagine Canada.

If you are seeking a unique volunteer experience in a supportive and dynamic atmosphere where your efforts will make a difference in underserved school communities across Canada, please submit your resume to the Board Chair before April 30, 2024:

Lory Laing  
Board Chair, The APPLE Schools Foundation  
Professor Emerita, School of Public Health, University of Alberta
